**Western Specialty Contractors Promotes James Norberg to
Senior Branch Manager of Ridgefield, NJ Branch**

(St. Louis, MO, Jan. 1, 2016) - Western Specialty Contractors (formerly named Western Waterproofing Company) has promoted James Norberg to Senior Branch Manager of its Ridgefield, NJ branch.

Norberg joined Western in 2006 as an Intern, and in 2008 was hired as a Sales/Project Manager. Over the past nine years, he has been promoted to Assistant Manager and most recently in 2014 to Branch Manager of the Ridgefield, NJ branch. The branch services customers throughout New York, New Jersey, Vermont, Maine, Connecticut and Rhode Island.

"He has been diligent in developing the Ridgefield market and building his base of knowledge to manage the Ridgefield operation," said Jeff Kelley, President, Western Specialty Contractors.

Services provided by the Ridgefield, NJ branch include:

- Building cleaning
- Concrete restoration
- Epoxy and chemical grout injection
- Expansion joint systems
- Exterior wall coatings
- Historical restoration and preservation
- Masonry restoration
- Parking and plaza deck restoration

- Roof restoration
- Waterproofing and sealants

About Western Specialty Contractors

Family-owned and operated for 100 years, Western Specialty Contractors is the nation's largest specialty contractor in masonry and concrete restoration, waterproofing and specialty roofing. Offering a nationwide network of expertise, building owners, engineers, architects and property managers can count on Western to develop cost-effective, corrective measures that can add years of useful life to a variety of structures (industrial, commercial, healthcare, historic, educational and government buildings, parking garages, monuments, bridges and sports stadiums). Western is headquartered in St. Louis, MO with over 30 branch offices nationwide and employs more than 1,200 salaried and hourly professionals who offer the best, time-tested techniques and innovative technology available.
